Frankfurt am Main - In light of the severity of the COVID outbreak and resulting restrictions during the 3rd wave within Germany and the DACH region. XB Systems will release its 2020 end of year results two months later in accordance with the regulation regarding COVID as specified by the Vienna Stock exchange. The exceptional circumstances of the pandemic are putting an additional strain on the limited resources of the company's appointed accountants and auditors which has affected man power and thus has caused a delay in compiling the results. Nevertheless, the results will be released in a timely manner and will be readily available for the company's annual general meeting which will go ahead as planned.
