#### FOREWORD BY THE CHAIRMAN OF THE MANAGEMENT BOARD

#### Dear Shareholders,

The first quarter of 2009 saw lower occupancy rates and therefore lower revenues in our hotels. A closer look at the individual hotel categories and regions shows marked differences in business development, however. According to HotStat (European Chain Hotels Market Review – March 2009), occupancy rates at four- and five-star hotels in Prague were down by 17 per cent compared to the first quarter of 2008, while average occupancy fell by roughly 7 per cent in Paris. The Warimpex hotels were not immune to the effects of these adverse market conditions and saw turnover decline significantly in these markets.

Business developed very encouragingly at our hotels in Munich and Krakow, with sales revenues rising in year-on-year comparison and coming in over budget. Overall, however, sales revenues from hotel operations were down considerably. In spite of cost cutting programmes in the hotels and the low relative values of local currencies (a large share of every hotel's costs is incurred in the local currency), the gross operating profit (GOP) fell markedly. However, we saw booking levels stabilize at our hotels in April.

In the Development & Asset Management segment, which is responsible for the development and sale of properties, our projects under development are proceeding according to plan and are covered by long-term financing. However, the conditions in the first quarter of 2009 were again not conducive to selling properties. On a positive note, falling interest rates and rising property yields in CEE are causing increased interest among institutional real estate investors. Because of this change, I expect that the volume of real estate transactions will begin rising again at the end of 2009. Cheap money is effective, even if it is only flowing very slowly into the economy right now because banks are still pursuing cautious lending strategies.

Our strategic focus in 2009 will be on the completion of the projects that we currently have under construction. The andel's in Berlin is one of the largest conference hotels in the city and enjoyed a very successful start to business in the first quarter. The andel's in Łódź will follow in May 2009, and the angelo in Ekaterinburg in the third quarter of this year. The Airport City in St. Petersburg (including the Crowne Plaza Hotel) will be completed at the end of 2010.

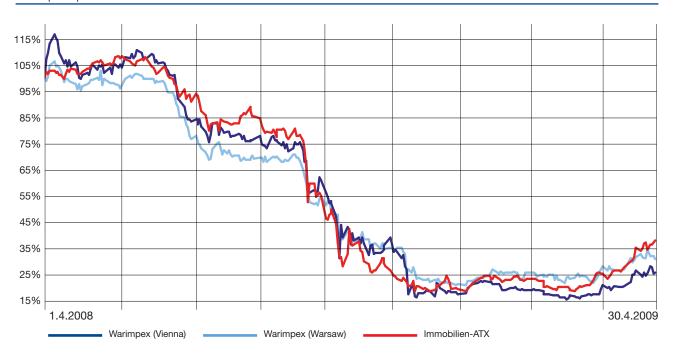

We will also be concentrating on optimizing our portfolio and on active asset management, and on seizing attractive opportunities to acquire or dispose of properties.

Franz Jurkowitsch

#### **GROUP MANAGEMENT REPORT**

for the quarter from 1 January to 31 March 2009

#### **Economic environment**

The International Monetary Fund (IMF) significantly reduced its economic growth estimates in April 2009 (World Economic Database), and is now projecting only 0.9 per cent growth in the Eurozone in 2008 and economic contraction of 4.2 per cent for 2009. Growth in CEE is now projected at 2.9 per cent for 2008 and minus 3.7 per cent for 2009, whereby IMF calculations call for less severe rates of contraction in individual countries such as Poland (2009: -0.7 per cent). While economic output is also projected to decline by 0.4 per cent in 2010, the IMF is expecting that the CEE economy will expand again by 0.8 per cent in the same period.

#### Existing portfolio: 5 hotels, 2 office properties

Warimpex holds a 50 per cent interest in the five-star Hotel InterContinental and a 25 per cent interest in the four-star Hotel Sobieski in Warsaw.

In Krakow Warimpex owns a four-star-plus andel's hotel and the three-star Hotel Chopin. Two storeys (137 rooms) of the Hotel Chopin are currently under renovation. Once this work is completed at the end of 2009, the entire hotel will have been renovated and will sport the new design. In Miêdzyzdroje on the Baltic coast Warimpex owns the Amber Baltic Spa Resort Hotel, a hotel ship and a 27-hole golf course. The hotel ship, which has 62 rooms, was closed in the first quarter of 2009 and is to be sold this financial year.

Occupancy at the Hotel InterContinental was somewhat lower in the first quarter but continued to develop well at 68 per cent (2008: 75 per cent). The average room rate had to be lowered by roughly EUR 10 because of the marked depreciation of the Polish zloty. The occupancy rate at the Hotel Sobieski was also down (1–3/2009: 48 per cent, 1–3/2008: 61 per cent). The occupancy rate at the Hotel Chopin fell from 57 per cent to 47 per cent, and the average room rates had to be cut. The andel's in Krakow has already secured a good position on the market and saw increased occupancy (1–3/2009: 54 per cent, 1–3/2008: 48 per cent), the average room rate was reduced because of the weaker zloty.

The occupancy rate at the Amber Baltic beachfront resort fell to 19 per cent (1–3/2008: 31 per cent). Because of its location on the Baltic coast, occupancy rates at the hotel are subject to significant seasonal fluctuations not seen with city hotels, and the Easter holiday was in March in 2008.

In addition to the hotels listed above, Warimpex owns shares in the Sobieski and Parkur Tower office buildings in Warsaw through joint ventures.

#### Under development: 2 hotels, 2 office buildings, 1 shopping centre

Two hotels of the design brands andel's and angelo are under construction in Łódź and in Katowice.

The andel's in Łódź went on the market on 15 May 2009 and is currently in the soft-opening phase, where there is limited business but minor adaptations are still being made. The official grand opening will be held on 15 June. The hotel has 278 rooms and 8 conference rooms with a total space of 1,440 square metres, as well as a 1,330 square metre ballroom and a rooftop spa area with a pool offering a view of the city's roofscape. The andel's is the first four-star hotel in Łódź.

Construction of the angelo in Katowice is proceeding according to plan, and the hotel is scheduled to open in the first quarter of 2010.

An office building owned by Warimpex in Krakow is to be converted into a modern office complex. Planning for this project began in the third quarter of 2008.

Warimpex owns one of the few historical buildings in Warsaw. Originally, the plan was to convert the property into a five-star Le Palais luxury hotel. The construction permit for this was issued in September 2008. As rental rates for offices in the central business district have risen considerably in the meantime, however, the property will now be developed into an office building instead of a hotel. The planning of the building began at the end of 2008.

In Białystok, Warimpex has commenced development of a shopping centre with approximately 19,000 square metres of lettable retail space and 11,000 square metres of lettable office space. Building permission is expected to be granted in the middle of 2009.

#### **Czech Republic**

#### Existing portfolio: 7 hotels

In Prague, the Warimpex Group owns the three five-star hotels Palace, Le Palais and Savoy, all of which are members of the "Leading Hotels of the World". Warimpex acquired the building adjacent to the Hotel Savoy in 2007 and plans to expand the hotel by approximately 25 additional rooms as well as enlarging the conference facilities.

In the four-star hotel segment the Group owns the Hotel Diplomat and the angelo hotels in Prague and Plzen. Warimpex also consolidates the Dvořák spa hotel in Karlovy Vary according to IAS/IFRS.

In the period under review, the occupancy rates at the two four-star hotels in Prague were roughly 31 per cent and 42 per cent (1–3/2008: 46 per cent and 51 per cent), while occupancy rates of between 27 per cent and 35 per cent were achieved in the five-star segment (1–3/2008: between 37 per cent and 58 per cent). The average room rates declined in both segments.

At the Hotel Dvořák in Karlovy Vary, the occupancy rate in the first three months of the year was 78 per cent (1–3/2008: 86 per cent). However, the average room rate was raised slightly.

Another angelo hotel with 144 rooms was opened in Plzen on 1 October 2008. The hotel's occupancy rate was 20 per cent in the first three months of 2009.

#### Hungary

#### Existing portfolio: 4 office properties

In Budapest Warimpex owns the Csalogany, Erzsebet, Dioszegi and Sajka office buildings, which together have a total net floor space of around 17,000 square metres.

The tenant in the Csalogany office building, which has roughly 2,500 square metres of lettable space, terminated its lease at the end of 2008. The building was rented to the city of Budapest as a courthouse in the first quarter of 2009 and is now again fully let out.

#### development: 1 budget hotel, 1 office

Warimpex is currently modernizing and redeveloping the two towers of the Erzsebet office complex. Tower B was handed over to the tenant at the beginning of May after the renovation work was completed and is now fully let out. Lease negotiations are currently underway for tower A, which is also to be modernized and let out.

#### Romania

#### Existing portfolio: 1 hotel

The angelo airport hotel in Bucharest, which Warimpex acquired in 2007 and expanded by 69 rooms in 2008 along with adapting it to the angelo design, saw a very low occupancy rate of 31 per cent in the first quarter (1–3/2008: 50 per cent). However, the gross operating profit (GOP) remained constant compared to the prior year thanks to cost cutting measures at the hotel.

#### Germany

#### Existing portfolio: 2 hotels

Warimpex holds 50 per cent each of the angelo in Munich and the andel's in Berlin.

The Warimpex Group's first hotel in Germany, the 146-room angelo in Munich, was opened at the end of May 2008. The angelo in Munich was developed in a joint venture with UBM. The hotel has achieved an occupancy rate of 59 per cent in the first quarter of 2009, which is very good for a new establishment.

The largest four-star superior andel's design hotel to date was opened in Berlin at the beginning of March 2009. With a total of 557 rooms on ten storeys, a flexible conference area of 3,800 square metres, a 570 square metre ballroom and a sky bar on the fourteenth storey of the 60-metre-high tower, andel's Berlin is one of the most attractive conference and event locations in the city. Guests can also use a 550 square metre wellness area. As for the andel's hotels in Prague and Krakow, the interior was designed by the interior design firm Jestico & Whiles, London. The hotel was developed in only nineteen months through a joint venture with UBM, at a total investment of roughly EUR 102 million.

#### Under development: 1 hotel, 1 office building

Plans for the second phase of the angelo Munich project foresee the construction of city archives, an office building and a second hotel on the site.

#### **France**

#### Existing portfolio: 2 hotels

In Paris, Warimpex and its long-term partner UBM are the joint leaseholders of the four-star Hotel Dream Castle and the four-star Magic Circus at Disneyland® Resort Paris, each of which have 400 rooms. Occupancy rates at the hotels were down in the first three months of 2009 at 47 and 32 per cent (2008: 66 and 54 per cent), whereby it must be noted that the Easter holiday fell in April this year. In addition, renovation work (expansion of the conference areas, renovation of the swimming pool) started at the Magic Circus in the first quarter, which affected the hotel's operations.

The franchise contract with Holiday Inn for Hotel Magic Circus (formerly Holiday Inn at Disneyland® Resort Paris) was terminated at the beginning of 2009.

#### **Austria**

#### Under development: 1 hotel with apartments

In Vienna, Warimpex is involved in developing the Palais Hansen on the city's Ringstraße boulevard into a high-end hotel and residential property in collaboration with Wiener Städtische/Vienna Insurance Group and PORR Solutions. The project, which is scheduled to open in 2011, is Warimpex's first in Austria.

The decision on which management company should lease and operate the hotel is expected in the first half of 2009.

#### Russia

#### Existing portfolio: 1 hotel

In Russia, Warimpex holds 60 per cent of the Hotel Liner at Koltsovo airport in Ekaterinburg. The hotel is fully consolidated in the financial statements. Renovation work, which is being financed from cash flow, continued in the first quarter of 2009. The average occupancy rate in the first quarter was roughly 65 per cent.

#### Under development: 2 hotels, airport office park

Warimpex is also developing another airport project in Ekaterinburg. A new angelo hotel is planned to coincide with the expansion of the airport and will boast a direct link to the new terminals. Construction work began in the second quarter of 2008 and is proceeding according to plan. The hotel is expected to open on schedule in the third quarter of 2009.

The Airport City development project is currently under construction in St. Petersburg. The first phase comprises a four-star Crowne Plaza hotel (InterContinental Group) plus a 40,000-square-metre office building. As of the reporting date, Warimpex owns 58.8 per cent of the project, CA Immo New Europe Fund 29.4 per cent, and UBM 11.8 per cent. The 15 per cent share held by St. Petersburg Airport was almost fully diluted at the end of the 2008 financial year. Construction is proceeding according to schedule, and the building shell for the hotel and the three office buildings was completed at the beginning of April. The Airport City in St. Petersburg is slated to open at the end of 2010.

#### **Budget hotels**

#### Under development: 4 hotels

In March 2007, Warimpex entered into a strategic joint venture with Louvre Hotels to develop budget hotels in Central Europe. Louvre transferred its financial interest in this joint venture to Starwood Capital Group (which in turn owns Louvre) at the beginning of 2009. While Louvre will remain on board as a partner in the development of the hotels, it will primarily act as the operator and franchiser (for the Première Classe and Campanile brands) for all of the hotels that are to be developed in the course of the project. The objective is to develop the successful Louvre Hotels brands Campanile and Première Classe in Warimpex's home markets.

The first joint hotels are to be opened in Budapest, Wroclaw and in Zielona Gora at the end of 2010. Suitable properties for this were purchased, and the first building permits have already been issued.

Warimpex and Starwood Capital Group are also currently involved in negotiations on the development of further budget hotels in the Hungarian cities of Debrecen and Miskolc. In Poland, a property is currently being purchased in Bydgoszcz, and the purchase of additional properties in Katowice, Krakow and Gdansk is currently under negotiation. In the Czech Republic the joint venture partners are currently focusing on Prague, Brno and Ostrava, and on Bratislava and Kosice in Slovakia.

The following projects are currently under development through the joint venture with Louvre Hotels:

- Campanile, Budapest
- Campanile, Zielona Gora
- Campanile, Wroclaw

# Focuses of business in the first quarter of 2009

#### . Opening of the andel's in Berlin

The largest four-star superior andel's design hotel to date was opened in Berlin at the beginning of March 2009. With a total of 557 rooms on ten storeys, a flexible conference area of 3,800 square metres, a 570 square metre ballroom and a sky bar on the fourteenth storey of the 60-metre-high tower, andel's Berlin is one of the most attractive conference and event locations in the city. Guests can also use a 550 square metre wellness area. As for the andel's hotels in Prague and Krakow, the interior was designed by the interior design firm Jestico & Whiles, London.

The hotel was developed in only nineteen months through a joint venture with UBM, at a total investment of roughly EUR 102 million.

Compared to 31 March 2008, the number of available hotel rooms (adjusted for the proportionate share of ownership) rose by 427, from 2,489 to 2,916, as of 31 March 2009. This is primarily attributable to the opening of the angelo hotel in Munich, the 69 additional rooms at angelo airport hotel in Bucharest, the opening of the angelo in Plzen, the opening of the andel's in Berlin and the closing of the Hansa hotel ship.

Aside from the budget hotels under the joint venture with Louvre Hotels, a total of eleven development projects are currently under implementation. Five properties are currently under construction, of which two further hotels with a total of 488 rooms (404 when adjusted for the proportionate share of ownership) are due to open in 2009.

# Assets, financial position and earnings situation

Due to seasonal effects, revenues are generally the lowest in the first quarter of the year, and are not representative of the development of sales for the full year. Sales are generally highest in the second and third quarters.

#### **Development of revenues**

Consolidated sales fell by 19 per cent from EUR 18.2 million to EUR 14.7 million in the first three months of financial year 2009. Revenues from the hotel segment declined to EUR 13.3 million compared to EUR 16.8 million in the first quarter of 2008 in spite of the fact that the average number of rooms increased. Most of this decline in sales can be attributed to the adverse conditions in Prague and Paris. According to HotStat (*European Chain Hotels Market Review* – March 2009), occupancy rates at four- and five-star hotels in Prague were down by 17 per cent compared to the first quarter of 2008, while average occupancy fell by roughly 7 per cent in Paris. The Warimpex hotels were not immune to the effects of these adverse market conditions and saw turnover decline significantly.

Revenues from the rental of offices and the provision of development services remained stable at EUR 1.5 million.

#### **Earnings situation**

Warimpex recognizes its tangible non-current assets at cost minus depreciation, and does not recognize any increases in the value of its real estate assets in the profit and loss account. Any such value increases are not recognized until the asset is actually sold. As a result, earnings are highly dependent on the sale of properties and fluctuate significantly.

Warimpex sold a 10 per cent share in the Airport City development project in St. Petersburg to UBM in the first quarter of 2008. This transaction made a EUR 9.2 million contribution to profit. No such sale was made in the first quarter of 2009.

#### EBITDA – EBIT

Compared to the first quarter of 2008, earnings before interest, tax, depreciation and amortization (EBITDA) fell from EUR 9.8 million to EUR -3.8 million, and earnings before interest and taxes (EBIT) fell from EUR 6.9 million to EUR -7.3 million. This EUR 14.2 million decline can primarily be attributed to the higher revenues achieved through the sale of properties and shares in development projects in the prior period as explained above.

#### **Financial result**

The Group's financial result improved from EUR -9.5 million to EUR -2.6 million. Above all, this EUR 6.9 million change can be attributed to adjustments in the fair values of short-term financial investments in the amount of EUR 5.9 million in the first quarter of 2008. The hefty decline in the EURIBOR has also had a very positive effect on finance expenses for current-account and project loans.

#### Profit for the period

The profit for the first quarter fell from EUR 1.9 million in 2008 to EUR -10.3 million in 2009, primarily because of the lower proceeds from the sale of disposal groups.

#### **Cash flow**

The cash flow from operations improved from EUR -1.3 million in the first quarter of 2008 to EUR 0.9 million.

#### Real estate assets

At 31 March 2009, the real estate portfolio of the Warimpex Group comprised eighteen hotels with a total of 4,300 rooms (2,916 rooms when adjusted for the proportionate share of ownership), plus seven office properties with a total lettable floor area of some 32,000 square metres (23,000 square metres when adjusted for the proportionate share of ownership).

Because of the provisions of IAS 40.12 pertaining to owner-operated hotels, Warimpex recognizes its properties at cost less depreciation and amortization. Any increases in the value of other properties are not recognized in profit in the respective reporting period. To allow comparison with other real estate companies that report unrealized profits, Warimpex reports the triple net asset value (NNNAV) in its Group management report.

All existing real estate and development projects are valuated twice annually (at 30 June and 31 December) by the international independent real estate appraiser CB Richard Ellis (CBRE).

#### Events after the balance sheet date

There were no material events after the reporting date.

#### Outlook

Eleven real estate projects are currently under construction or in advanced stages of development (not including the planned budget hotels). The following hotel projects are currently under construction:

• andel's, Łódź, 278 rooms

(opening scheduled for 15 June 2009)

• angelo, Ekaterinburg, 210 rooms

(opening scheduled for the third quarter of 2009)

• angelo, Katowice, 203 rooms

(opening scheduled for the first quarter of 2010)

The following development project is also under construction:

 Airport City, St. Petersburg, business park with 40,000 square metres of office space and an international hotel with 300 rooms (opening scheduled for the fourth quarter of 2010)

The following projects are in advanced stages of development:

- Redevelopment of tower A at Erzsebet office complex
- Le Palais office building, Warsaw
- Office building, Krakow
- Hotel/office building Munich
- Palais Hansen, Vienna
- Shopping centre, Białystok

The following projects are currently under development through the joint venture with Louvre Hotels:

- Campanile, Budapest
- Campanile, Zielona Gora
- Campanile, Wroclaw
- Campanile, Bydgoszcz
- Premiere Classe, Wroclaw

### Notes to the interim consolidated financial statements

#### \* Restatement of the comparison figures as of 31 March 2008

The comparison figures as of 31 March 2008 were restated using the figures corrected for the annual financial statements as of 31 December 2008 in connection with the business combination UBX Krakau Sp.z.o.o.

The change pertains to the offsetting of the difference against the revaluation reserve pursuant to IFRS 3. The difference was recognized as a negative difference in the profit and loss account for the quarterly statements as of 31 March 2008, which was recognized directly in equity after restatement.

#### [01] Corporate information

Warimpex Finanz- und Beteiligungs AG (the "Company") is registered with the Commercial Court of Vienna under the registration number FN 78485 w. The Company's registered address is Floridsdorfer Hauptstrasse 1, A 1210 Vienna, (formerly Porzellangasse 4, A-1010 Vienna, Austria).

The interim financial statements as of 31 March 2009 for Warimpex Finanz- und Beteiligungs AG were released for publication by the Company's management on 22 May 2009. The main activities of the Company are described in Note [04] "Business segments".

#### [02] Basis of preparation

The interim consolidated financial statements for the period ended 31 March 2009 have been prepared in accordance with IAS 34. Interim financial statements do not contain all information and notes included in annual financial statements; they should therefore be read in conjunction with the consolidated financial statements as of 31 December 2008.

The accounting and valuation methods applied in preparing the interim consolidated financial statements as of 31 March 2009 have remained unchanged from the consolidated financial statements as of 31 December 2008.

With respect to the changes effective under IFRS as of 1 January 2009 and their effects, please refer to the details stated in the consolidated annual financial statements as of 31 December 2008.

By their very nature, interim consolidated financial statements are based on estimates to a greater extent than annual consolidated financial statements. In addition to the principal estimation uncertainties identified in the consolidated annual statements (goodwill as well as the valuation of land and buildings for first-time consolidation purposes), the interim financial statements are affected by estimation uncertainties resulting from the timing of asset impairments or write-ups.

#### [03] Seasonal fluctuations in results

Owing to seasonal fluctuations in tourism, in particular city tourism, earnings contributions from hotel properties are generally higher in the second half of the year. By contrast, no determinable pattern can be identified with regard to contributions from the sale of subsidiaries or business combinations.
