RTX

Please note!

The decision on a potential change of the data source and type for the calculation of RTX has been made, provided that all necessary technical tests and the relevant data agreement have been concluded. The new data source would be MICEX, while the new data type used for index calculation would be traded prices. The final decision on this issue will be subject of an extraordinary meeting of the RTX committee. All market participants will be timely informed by WBAG about the final decision.
